

## 9th International Meeting on Electrowetting and Related Micro/Electrofluidic Science and Technology

June 23rd to 25th 2014 / Cincinnati, Ohio, USA

Jason Heikenfeld (Chair) and Andrew Steckl (Co-Chair) - University of Cincinnati

The International Meeting on Electrowetting is an informal forum where eminent scientists and engineers come to discuss recent advances in the science and applications of electrowetting, and in this 9th meeting also related emergent topics including superspreading, electrowetting DNA sequencing, magnetofluidics, liquid metals, and more...

### **Important Dates**

Late News Abstract Submission: 1 April 2014: [Click here for late news submissions.](#)

Early Discounted Registration: 1 December 2013 through 23 April 2014: [Click here to register.](#)

Final Registration: 23 May 2014

Discounted & Reserved Hotel Reservation (limited to 75 rooms!): 25 May 2014: [Click here to reserve hotel.](#)

Final Publishable Abstract Due Date (optional, if you have revisions) : 25 May 2014

Note: Attendance is limited to 100-120 persons, with priority registration given to scientific contributors and industry sponsors.

### **Thank You Sponsors!**

6 total corporate sponsors (only 4 of which give permission to show their logo here)

### **Student Travel Grants**

We expect a limited number of student travel grants to be available. More information will be provided once we better understand the expected number of attendees, costs, and we finalize our corporate sponsorships.

### **Venue & Lodging**

The conference venue is housed within the [Cincinnati Art Museum](#), which is nestled atop the historic and beautiful [Mt. Adams](#) and overlooks [Cincinnati](#), the Ohio River, and the adjacent state of Kentucky. A hotel within 10 minutes walking distance will have a block of rooms available for discount (see reservations above link above). A shuttle service will also be provided. The conference runs Monday through 1/2 day Wednesday (see agenda link above).

### **Regional Points of Interest**

For interested attendees, short 1 to 2 day group trips starting on Wednesday will be organized to unique regional points of interest such as the world's largest continuous underground cave system ([Mammoth Cave National Park](#)), 'biochemistry in action' on the [Kentucky Bourbon Trail](#), a visit to Chicago, or a local tour of Cincinnati. If you are interested, contact: Anna Mincy, [amincy@providenttravel.com](mailto:amincy@providenttravel.com), 513-763-3062, with the email subject line of 'Group trips for Electrowetting 2014'.

### **History of the Meeting**

We recognize the previous hosts of the electrowetting meeting, without which the 9th international meeting would not be possible: Mons (1999), Eindhoven (2000), Grenoble (2002), [Blaubeuren \(2004\)](#), [Rochester \(2006\)](#), [Los Angeles \(2008\)](#), [Pohang \(2010\)](#), and [Athens \(2012\)](#).
